## ***Sleeping at the Farm***

Once the party is over, sit with your friends around the fire pit and toast marshmallows by moonlight, before heading to bed. There are several options available if you want to stay over at Clawdd Offa Farm. Whether you want to create a festival style wedding where your guests can camp around the marquee, or provide overnight accommodation for staff at a team building event, we have options to suit every requirement. This enables you to make a real weekend of it, and enjoy the beautiful sites that this area has to offer – pop in to the historic city of Chester, head down the gorgeous North Wales coast, or even in to Snowdonia National Park.

### **Festihuts:**

Welcome to Clawdd Offa Farm.....whether you're looking for a unique glamping location with a difference, a hen do to remember or alternative fun overnight accommodation for your wedding guests, you will find it here. Ideally located in 5 acres of meadow with a private lake and spectacular views, the location is just 15 minutes from Chester, and within easy reach of all North Wales coastal and mountain attractions.

Interior shots using guests own linen and accessories

Come and glamp in one of our Festihuts! These stylish wooden chalets are as functional as they are funky. Popular at festivals in the UK and across Europe, they'll keep you warm and cosy and bring the 'glamp' to camp. You'll have your own bed, enough room to stand up, and they're fully weatherproof and lockable. Bring your own bedding, or we can provide linen for you at an additional charge.
